Creative Club

The Creative Club aims to foster a vibrant literary and creative culture among students by providing platforms that encourage original thinking, expressive storytelling, critical dialogue, and impactful performance. The club inspires students to explore their creativity, develop their literary and artistic skills, and collaborate effectively with peers.

The club conducts activities like **Expressive On-the-Spot**, where participants draw a random prompt and perform an original piece in three minutes, testing spontaneity and creativity, and the **Story Fragment Challenge**, where students collaboratively craft engaging stories using images and notes under time pressure. Through these initiatives, the club blends words and visuals to spark innovation, expression, and imaginative thinking among all members.
